

KALVI – CMS

Integrated Solutions for Management

Faculty and Student Management

A comprehensive digital platform that seamlessly manages faculty and student information, tracking academic performance, administrative processes, personal profiles, and institutional interactions through integrated, secure, and user-friendly technological solutions.

Examination and Grade Management

An advanced digital platform designed to streamline the entire examination process, from test creation and administration to comprehensive grade tracking, analysis, and reporting.

Integrated Assignments and Resources

A robust digital platform designed to streamline assignment creation, distribution, submission, tracking, and resource allocation, providing a seamless, centralized ecosystem for academic content management and collaborative learning.

Attendance Schedule and Management System

An intelligent, integrated solution designed to automate and optimize academic scheduling, track real-time attendance, and provide comprehensive insights into institutional time management and student engagement.

Notification Alert System

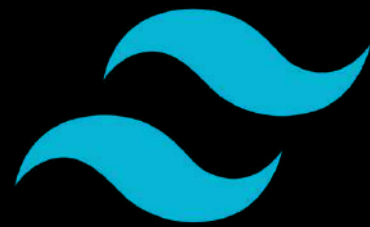

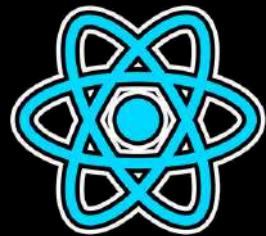

An intelligent, multi-channel communication platform designed to provide real-time, personalized, and contextual notifications across various institutional stakeholders.
